COMMITTEE ON SPECIAL DEPARTMENTS

Pres. J. Knox Montgomery,
Rev. David Livingston,
Prof. John A. Wilson, D. D.

FACULTY

JOHN KNOX MONTGOMERY, D. D., President
Professor of Biblical Science.

JOHN ALEXANDER GRAY, A. M., Ph. D.
Professor of Mathematics and Logic.

THOMAS HOSACK PADEN, A. M.
Professor of Latin and Political Science.

LEONARD JOHNSON GRAHAM, A. M.
Professor of English Language and Literature.

CHESTER JOSEPH MARSHALL, A. M.
Professor of Physics.

ALEXANDER HOLLAND WRIGHT, A. M.
Professor of Chemistry and Biology.

HOWARD MCDONALD, A. B.
Professor of Greek and Philosophy.

FREDERIC LOUIS JUILLERAT, A. B.
Instructor in French.

MARY ADELIA LORIMER, B. S.
Instructor in English and Latin.

THOMAS ELMER TROTT, B. S.
Instructor in Common Branches.

ARTHUR ARGYLE SAMSON, A. B.
Instructor in Bible.

ELBERT RAYMOND MOSES
Teacher of Oratory and Expression,
Physical Director for Ladies.

ANGELINE BROWN
Instructor in Preparatory Department.

JAY W. RANSON
Tutor in German.

LESLIE CLOSE GIFFEN
Assistant in Chemical Laboratory.

JOHN A. MARSHALL
Assistant in Physical Laboratory.

MRS. EVA HUMMER HULL, Musical Directress
Teacher of Piano, Organ and Violin.

LENA GRAHAM, B. Lit.
Assistant in Music.

HELEN POTTS
Teacher of Voice.

SARA ALLISON GRAY, B. S.
Instructor in Art.

B. E. DELCAMP
Athletic Director.

E. A. MOORE,
Foot Ball Coach, Colgate University.

LENA WILSON,
Librarian.

OFFICERS OF THE FACULTY

J. KNOX MONTGOMERY, D. D. -- .. President
THOS. H. PADEN, ... Secretary

STANDING COMMITTEES OF THE FACULTY

Registration and Classification---Professors Paden and McDonald.

Rules and Regulations---Professors Wright and Gray.

Athletic and Gymnasium---Professors McDonald and Graham.

Library---Professors Marshall and Wright.

Lectures and Public Exercises---Professors Gray and Graham.

Examinations and Reports---Professors Paden, Marshall and Trott.

Student Affairs---Professors Wright, Lorimer and Trott.

College and Student Publications---Professors Graham and Paden.

The President is Ex-Officio member of all committees.

Janitor---John M. Stormont.

LECTURES, SERMONS, RECITALS, RECEPTIONS, ETC.

1905.

June 11. Baccalaureate Sermon by President J. Knox Montgomery.
June 11. Address before the Christian Associations by Rev. George E. Hawes.
June 12. Presentation of Diplomas by the Literary Societies.
June 13. The Brown Oratorical Contest.
June 15. Commencement address by Captain Richard Pearson Hobson.
June 15. Annual Concert.
Sept. 19. Opening Exercises of Fall Term.
Sept. 24. Chapel Sermon.
Sept. 26. Reception to Faculty and Students by the Christian Associations.
Oct. 15. Chapel Sermon.
Nov. 2. Reception to Faculty and Students by Pres. and Mrs. Montgomery.
Nov. 7. Lecture, Dr. Jas. Headley.
Nov. 12. Chapel Sermon.
Nov. 28. Lecture, Col. Ham, "Old Times in Dixie."
Dec. 1. Open Meeting of Aretean Literary Society.
Dec. 10. Chapel Sermon.
Dec. 11. Recital by the Music Department.
Dec. 14. Concert, Catharine Ridgeway Co.
Dec. 18. Recital by Department of Oratory and Expression.

1906.

Jan. 2. Winter Term opened.
Jan. 7. Chapel Sermon.
Jan. 9. Reception to Faculty and Students by Christian Associations in Gymnasium.
Jan. 11. Reception to Junior Class by Dr. and Mrs. Montgomery.
Jan. 23. Lecture, T. Brooks Fletcher, "The Martyrdom of Fools."
Feb. 11. Day of Prayer for Colleges, Dr. Joseph Kyle, preacher.
Feb. 15. Reception to the Sophomore Class by Pres. and

Mrs. Montgomery.
Feb. 23-25. Missionary Deputation Visit, Great Revival.
Mar. 5. Concert, "Chicago Lady Entertainers."
Mar. 8. Recital by Music Department.
Mar. 11. Chapel Sermon.
Mar. 17. Reception to Freshman Class by Pres. and Mrs. Montgomery.
Mar. 21. Preliminary Debate Contest.
Mar. 27. Opening Exercises of the Spring Term.
April 1. Chapel Sermon.
April 2. Entertainment, Alton Packard.
April 9. Girls Preliminary for Brown Contest.
April 16. Reception to Faculty and Students by Christian Associations.
April 19. The Clyde Hanna Bible Reading Contest.
April 24. Reception to the Preparatory Department by Pres. and Mrs. Montgomery.
April 26. Public Exercises in Connection with Planting Trees on the New Campus.
May 11. Inter-Collegiate Debate with Wooster University.
May 13. Chapel Sermon.
May 17. Senior Final Examinations.
May 18. Reception and Banquet in honor of the Senior Class by Pres. and Mrs. Montgomery.

GENERAL INFORMATION

HISTORY AND AIM.

In 1836 the first steps were taken by the people of New Concord to establish a Christian institute of learning. In 1837 Muskingum College was chartered under the laws of the state of Ohio. In 1877 the formal control of the College was transferred to the United Presbyterian Presbyteries of Muskingum and Mansfield. In 1883 the United Presbyterian Synod of Ohio took formal control of the institution. These transfers have largely increased her constituency and made her the representative of higher education for a Christian body having a large membership in Eastern and Northern Ohio, Michigan and West Virginia. But, though Muskingum is under denominational care and control, she offers her advantages to all on absolutely equal terms.

Her aim is to give thorough training. The college idea should be culture—the production of the best manhood and womanhood. And this does not require that utility be lost sight of, but only that it be held in proper relation. For young people the studies which are called „practical" are after all more useful for their discipline than for their direct contribution to skill in the callings of life. Muskingum, therefore, strives to be *a good college, not a poor university.* She concentrates all her effort, so far as studies are concerned, on the preparation of young men and women to receive the bachelor's degree, and her good reputation for undergraduate work has proved her wisdom.

THE TOWN.

New Concord, Ohio, is on the main line of the B. & O. Railroad, two hours east of Columbus, Ohio, and four hours

and forty minutes west of Pittsburg, Pa. Connections at Pittsburg, Wheeling, Bellaire, Cambridge, Zanesville, Newark, Mt. Vernon, Mansfield, Columbus, Cincinnati and many other points make Concord very easy of access.

The town supports five churches and has no saloon.

The healthfulness of the place, the moral and religious character of its people and its freedom from temptation make it a most desirable place for the student.

BUILDINGS.

Muskingum has four good buildings, three of them new, the other remodeled so thoroughly as to be practically new. Three of these buildings are heated by steam and all are lighted with the brilliant acetylene gas light. A system of water works has been arranged so as to furnish water for toilet and bath rooms. In short the buildings are modern buildings, well equipped for all college purposes.

Recitation Hall has six large recitation rooms, besides three rooms used for laboratory purposes.

The Main College Building is of pressed brick three stories high including basement. The length is one hundred and twenty-four feet, the depth sixty feet. The basement floor will accomodate, besides storage rooms, five recitation rooms of ample size and well lighted by windows six feet high, all above ground.

The main floor contains a chapel room which, by opening two recitation rooms in the rear, will seat 500 people. This floor contains also music rooms, the president's office, two large recitation rooms and a library 43 by 34 feet. There are three cloak rooms on this floor.

The second floor contains a recitation room and three halls for the literary societies. To each of these rooms a cloak room is attached.

Alumni Gymnasium is a substantial brick structure, completed five years ago. It contains an exercise room of ample size, the physical director's office, the dressing and locker room, and the bath room. The building is heated by steam, lighted

by acetylene gas and well ventilated. The apparatus bought is of the best quality, and of such selection as to minister best to the physical needs of the students.

The President's Manse is an elegant twelve room house, with all modern conveniences, splendidly adapted to its purpose.

Few colleges are better equipped than Muskingum for conserving and developing physical health and strength.

ATHLETIC FIELD.

A good athletic field, well graded and drained, affords students an opportunity for out door exercise and sports.

DEPARTMENTS.

Beside the College proper and the Preparatory School, there are the Music, Elocution, Oratory and Art Departments.

In the College proper three courses of study are offered: the Classical, leading to the degree of B. A., the Scientific, leading to the degree of B. S., and the Literary, leading to the degree of B. L. There is also a Teachers' Course, about which information is given elsewhere. These courses of study are outlined and described elsewhere in this catalogue.

The work of the Preparatory school is so planned as to prepare the student for entering the Collegiate courses. Many students could enter the Collegiate courses to much better advantage by taking at least the last year of their preparatory work here rather than elsewhere. Information concerning the work in the Music, Elocution and Art Departments will be found in another place.

CO-EDUCATION.

Young ladies are admitted to all departments of the College on the same terms as young men. It is believed that the association of young men and women contributes to the best culture and development of both.

ADMISSION.

1. If the applicant is not known to some member of the

Faculty he should bring certificates of good character.

2. (1) An applicant from another college of good standing will be given, without examination, the rank in the College to which the work he has done entitles him. He should bring a certificate of honorable dismissal, stating to what class he belonged, together with a copy of the course he was pursuing.

(2) Applicants from high schools and academies whose work the Faculty may accept, will be given credit without examination for the exact amount of work they have done. They should bring certificates showing the studies pursued, the time given to each, the text-books used, the exact amount of ground covered in each, and the grades earned. Blanks will be furnished to those desiring them.

(3) Applicants who are not included under (1) and (2) but who hold teachers' certificates, are requested to bring them. These will be used to determine the extent and nature of the examinations required.

(4) All others will have their standing determined by examination.

For specific subjects and amount of work required for admission to the Freshman class see scheme of studies in Preparatory Department.

For full admission to the Freshman class without conditions fifteen (15) credits must be presented. One credit will be given for a study pursued successfully in any approved preparatory school for one school year with four hour or five three-quarter hour recitations per week. A certificate signed by the principal or superintendent will be accepted in giving such credit, or the candidate may submit to examination in any subject. Students who cannot present the fifteen credits required for the full admission may enter with certain conditions. These can be made up in the Preparatory Department or the Summer School. Attention is particularly called to the latter as an excellent place to remove entrance conditions or to gain time in one's high school course. Those whose prepara-

tion has been irregular are given special facilities in making up their deficiencies. The fifteen credits required for full admission must include the following ten:

Mathematics, (must include Algebra)	2
English	3
Latin	3
History	1
Science, (Physics preferred)	1
	10

The remaining five credits may be supplied from the following list:

TABLE OF CREDITS ALLOWED.

English Composition and Rhetoric	2	4
English Classics	1	
English Literature	1	
Latin	3 to 4	7
Greek	1 to 3	
German	1 to 3	
French	1 to 3	
History, General	1	2
History, Greek and Roman	1	
History, English	1	
History, United States and Civics (If not studied in high school.)	1	
Algebra	1½	3½
Plane Geometry	1	
Solid Geometry	½	
Trigonometry	½	

A CAMPUS SCENE, LOOKING WEST

Physics	1	
Chemistry	1	
Physiography	½	
Botany	½	2
Zoology	½	
Geology	½	
Atsronomy	½	
Political Economy	½	½
Psychology	½	

In explanation of the above table note that only fifteen (15) out of the above thirty (30) credits are required for admission. Also note that while four credits will be given for Latin, three for Greek, and three for French, if presented separately, only seven credits will be allowed in this language group out of the total of 15, and the same is true in the other cases.

Readings prescribed by the Joint Conference of the College and Secondary schools, for entrance to the Freshman Class are as follows:

REQUIRED FOR CAREFUL STUDY.

Burke's Speech on Conciliation with America—1906, 1907, 1908.

Macaulay's Essay on Addison—1906, 1907, 1908.

Macaulay's Essay on Boswell's Johnson—1906, 1907, 1908.

Milton's Minor Poems—1906, 1907, 1908.

Shakespeare's Julius Caesar—1906, 1907, 1908.

REQUIRED FOR GENERAL READING.

Addison's The Sir Roger de Coverly Papers—1906, 1907, 1908.

Coleridge's The Ancient Mariner—1906, 1907, 1908.

Eliot's Silas Marner—1906, 1907, 1908.

Irving's Life of Goldsmith—1906, 1907, 1908.

Lowell's Vision of Sir Launfal—1905, 1906, 1907, 1908.

Scott's Ivanhoe—1906, 1907, 1908.
Scott's Lady of the Lake—1906, 1907, 1908.
Shakespeare's Macbeth—1906, 1907, 1908.
Shakespeare's Merchant of Venice—1906, 1907, 1908.
Tennyson's Gareth and Lynett, Launcelot and Elaine, and Passing of Arthur—1906, 1907, 1908.

The form of examination will usually be the writing of a paragraph or two on each of several topics, to be chosen by the candidate from a considerable number—perhaps ten or fifteen—set before him in the examination paper. The treatment of these topics is designed to test the candidate's power of clear and accurate expression, and will call for only a general knowledge of the substance of the books. In every case, knowledge of the book will be regarded as less important than the ability to write good English.

GOVERNMENT AND DISCIPLINE.

The aim is to govern as little as possible, yet as much as is needed. The students are taught, encouraged and assisted in self-government. Discipline looks always toward the strengthening of the student's self-respect and sense of personal responsibility. The cases where this method fails are rare.

Whenever a student is known to be unfit to remain in the College he will be dismissed.

The statutes of the Board expressly forbid profanity, the use of intoxicating liquors and tobacco.

GYMNASIUM REQUIREMENTS.

Having a care for the physical development of our students attendance upon the gymnasium classes is required of all the students. This work is under the supervision of competent Physical Directors. Classes meet twice a week from October 15th to March 15th. The Director will keep a record and report all unexcused absences to the Faculty.

ABSENCE FROM CHAPEL AND CLASS.

Absences are counted from the opening of the term until the student enrolls. Care should be taken to be present the first day of the term. Unless satisfactory excuses be offered for these absences they will count against the student the same as other unexcused absences. Absence from class entails intellectual loss that can only be made up by special work.

When the number of absences in any department reaches six within a single term a special examination will be required in that subject.

When the number of unexcused absences reaches five in any one department, or ten in all departments, within the year, the student will be cited to appear before the faculty.

Five unexcused absences from chapel will be sufficient cause for the student being cited to appear before the faculty.

ENROLLMENT AND REGISTRATION.

No student will be enrolled in any class until all term bills have been paid. His registration card must be signed by the President and Treasurer as evidence of this. For each registration card issued after the first Wednesday of each term an extra fee of one dollar will be required.

Registration for the Winter and Spring terms will be on such days before the close of the term as are designated by the Factulty. Students neglecting to register at the appointed time will be required to pay a fee of one dollar.

EXAMINATION.

When the student enters, his rank with his deficits and credits, is entered on the records. From this time on an accurate entry is made of his work each term, the grade both in recitation and examination being recorded. Grading is on the scale of 100. A grade of less than 70 in recitation will not entitle the student to final term examination with his class, and the study must be taken again. If the student earns less than 65 in examination, he will be required to review private-

ly and take another examination, or take the study again, at the discretion of the professor in charge.

Examinations of classes are held in the middle and at the close of each term. No student who omits attendance upon examination in any branch at the appointed time will receive a grade in the study or be regarded as having completed it until the examination is passed. In any such case the student must present his reason for absence, unless he has obtained previous permission to postpone his examination. If the reasons are satisfactory, written permission will be given to have a special examination. This permission, together with the receipt of the Treasurer for the fee of one dollar, must be presented to the Professor, and the examination will be given. Where absence at the time of the class examination was caused by sickness, no fee will be charged.

The Senior examination takes place four weeks before commencement, and may cover the studies of the Senior year.

A report of the class and examination grades in each study is sent to the parent or guardian at the close of each term.

CLASSIFICATION OF STUDENTS.

A student may be admitted to Freshman rank who is not conditioned in more than two units, a unit being considered four or five recitations a week for one school year. Students having twenty-four hours college credit and all entrance requirements off, or the equivalent, may be ranked Sophomores. Students having seventy-two hours college credit and all entrance requirements off, or the equivalent, may be ranked Juniors. All students who are entered for sufficient work to bring total credits to one hundred and eighty hours, and who have all entrance requirements off, are ranked Seniors.

SPECIAL COLLEGE STUDENTS.

The effort is to have each student in the college become a candidate for some degree and so take a regular course. But for various reasons some may be unable to take a full college

course. Hence special college students are those who are not candidates for any college degree. To this list are eligible those who, in addition to their work in the department of Music or Art, desire to carry some college work; also those who come to the College to pursue special studies.

Special students may become candidates for a degree upon a vote of the Faculty. Upon application they will be given a certificate of the amount of work accomplished.

AMOUNT OF WORK.

The subjects pursued in College are offered in courses of study, and credits for work accomplished are given in hours. By an hour is meant one recitation a week throughout a term. Sixteen hours recitation a week is the regular work of a student. No student in the College department may be enrolled for more than sixteen credit hours work unless he receives a grade of ninety in one half of the work of the preceding term, and no grade lower than eighty in the remainder.

LITERARY SOCIETIES.

Excellent opportunity for literary improvement and parliamentary training is afforded by the Societies of the College. There are three—the *Aretean,* sustained by the young women, and the *Union Literary* and the *Philomathean,* sustained by the young men. These Societies do excellent work, a work justly regarded on all hands as of great importance. Every student is required to join one of them. Habitual neglect of the Literary Society work would be regarded just as neglect of any other required work. Provision will be made for those who cannot, for any reason, join one of the Societies.

RELIGIOUS LIFE AND WORK.

While the College is denominational, it is in no sense sectarian. All denominations are represented in the student body and four in the Faculty. Attendance upon the daily chapel exercises is compulsory. Students are also required to attend

the services of the church of their choice upon Sabbath, regularity in this being insisted upon. Once a month the President preaches to the student body in the College chapel.. Attendance upon this service is required.

CHRISTIAN ASSOCIATIONS.

The Young Men's Christian Association and the Young Women's Christian Association hold meetings every week for conference and prayer. Frequently they meet together for devotional purposes. The religious influence of the College is such that very few of the students remain outside of church membership. Seven volunteer Bible Study classes are conducted by the Associations.

Under the direction of these Societies the students, members of the Faculty and friends of the College assist in supporting a missionary, a graduate of Muskingum, in a foreign field. Contributions are entirely voluntary.

ORATORICAL ASSOCIATION.

Muskingum College is a member of the Tri-State Intercollegiate Oratorical Association, which includes in its membership besides Muskingum several colleges in western Pennsylvania and West Virginia. The local association is organized for the purpose of promoting oratory among the students and to manage preliminary contests for the choice of contestants in the Tri-State contests.

THE BLACK AND MAGENTA.

This monthly magazine is published by a company of students and professors. Its object is to keep the Alumni and friends of the College in touch with its progress and work.

The company publishes nine numbers during the academic year.

THE MUSCOLJUAN.

The Junior Class of the College publish an annual during the spring term of each year. Besides cuts of the college

buildings, different classes and organizations, these annuals contain literary productions and accounts of all the events of importance taking place during the college year.

G. A. CLELAND,
Business Manager for 1907.

LIBRARY.

The room provided in the the Main College building is well lighted and ventilated, and about three times as large as the room formerly used. New furniture has been added, and more will be supplied as may be necessary.

All the libraries about the College are now collected in the College Library. By purchase, donation and bequest the number has been increased to 3,600 bound volumes, besides a large number of magazines and pamphlets.

Substantial additions have been made to the library during the past year. Quite a number of new books have been purchased. Some liberal and valuable donations have been made, chief among these being the library of the late Samuel Harper of New Concord. Other donors for the year have been Prof. J. A. Gray, Miss Josephine Martin, and the College Debating team.

The students make diligent use of the library. The reading room and reading matter are under careful regulations, which are cheerfully observed. There is provision for a regular increase in the number of books, selections being carefully made to meet the needs of the students.

The Library room is also used as a reading room. The best periodicals and papers are kept constantly on the tables, and every effort is made to furnish the student information on current events.

The room is open to students every week-day, free.

APPARATUS.

There is provision for a steady increase of facilities for work in the sciences. The patrons of the College may be as-

sured that every effort will be made to bring these facilities up to the requirements of modern teaching in science. The purchases lately made have had special reference to the work in Physics.

Of the Chemical apparatus it may be correctly said that its amount and variety are sufficient to illustrate all the Chemistry required in ordinary Classical courses, and to give all the original Laboratory work required in such courses.

For work in Biology each student has the use of a simple and compound micrscope for plant analysis and study of cell structure.

Equipment of instruments for dissections in Zoology and Botany are for use of each student.

Mention may be made also of a set of Surveying instruments, of specimens useful in the study of Geology, and of various maps and charts for the use of students in Physiography, Physiology, Geology, History and other studies.

EXPENSES.

The charges made by the College are: (1) Tuition; (2) Graduation fee.

Tuition in Literary Department for Fall Term.....$16 00
Tuition in Literary Department for Winter Term..... 14 50
Tuition in Literary Department for Spring Term.... 14 50

The rules of the Board require that no student shall be enrolled until his tuition for the term is paid.

No student will be received ordinarily for less than half a session, nor will any student ever be excused, for any reason whatever, from paying one-half the tuition of any session in which he has entered College.

When absence is caused by protracted illness, or anything else purely providential a proper reduction will be made, unless the student retains his standing in class. In such case no reduction will be made for any reason. Tuition and terms of admission in other departments will be found elsewhere.

Graduation Fee—$5.00, payable to the Treasurer with

NEW COLLEGE

tuition for the Spring term, Senior year.

Laboratory Charge—Each student in preparatory Physics pays one dollar per term. Each student in Chemistry pays two dollars per term. Students in College Physics pay one dollar each per term for the first three terms and two dollars per term for the last two. The fee in Botany and Zoology is one dollar per term for each study, and in Biology one dollar and fifty cents per term.

Students should furnish themselves with towels for use in their rooms and at baths in the gymnasium.

ESTIMATE OF NECESSARY EXPENSES FOR A YEAR.

Tuition	$45 00 to $45 00
Rent, for furnished rooms	19 00 to 23 00
Cooking	20 00 to 24 00
Provisions	45 00 to 68 00
Fuel and light	6 00 to 10 00
Books, for the year	5 00 to 10 00
Total	$140 00 to $180 00

Without doubt many students spend $200 a year without feeling that they are extravagant. Yet it is a fact *that the total expenditure of some for a year of thirty-eight weeks has been less than $150, this including even railroad expenses to and from College.* In estimating the cost of a College education it should be remembered that it costs something to live at home. Students sometimes report that their incidental personal expenses are smaller here than at their homes.

Some students reduce expenses further by boarding themselves.

BUREAU OF SELFHELP.

A bureau of self help has been established for the purpose of assisting young men and women who are working their way.

THE MASTER'S DEGREE.

There was formerly a rule of this institution that the Master's Degree in course be conferred on graduates of the College of three years' standing who belonged to one of the learned professions or were engaged in teaching. At its annual meeting on June 23, 1897, the Board of Trustees took the following action:

1. "Hereafter the Master's Degree shall not be conferred in course, but on personal application. The faculty shall adopt rules for their own direction in determining the fitness of the applicant to receive the degree. A diploma shall be given to the person on whom the degree is conferred, for which a uniform fee of ten dollars shall be charged.

2. In no case shall any higher degree be conferred on one who has not taken the Bachelor's Degree at some reputable College.

Two years non-resident work under the direction of the Faculty, or one year resident work and a thesis satisfactory to the Faculty will be required of applicants for this degree.

CONTEST PRIZES.

Friends of the College have made provision for the following prizes in Oratory, Debate and Bible Rendition:

I. The Brown Prizes.—For several years Mr. J. M. Brown of Wheeling, W. Va., a member of the Board of Trustees and a staunch friend of the College, has given fifty dollars in prizes for efficiency in oratory. There are four prizes, two each for ladies and gentlemen of $15 and $10 respectively.

II. The Garvin Prizes.—During the past year Hon. T. M. Garvin of Wheeling, W. Va., has offered fifty dollars in prizes to be awarded to those who make the first team in debate. The prize money is divided into three parts, $25.00, $15.00 and $10.00.

III. The Hanna Prizes.—Rev. A. J. Hanna of Piper City, Ills., during the past year established the Bible Rendition Prizes in memory of his son, Clyde, who had his heart set

upon becoming a medical missionary and expected to attend Muskingum College. The first contest was held on April 19th, 1906, the second anniversary of his funeral. Nineteen young men and women participated in the first contest. The prizes are three, $7,00, $5.00 and $3.00.

These generous friends of the College and of Christian education are doing more than they yet realize as they in this way are helping to stimulate young men and women to their best efforts.

PRIZES DESIRED.

We would be glad to hear from other friends who would furnish prizes in Declamation, Essay, and highest scholarship in different departments.

SCHOLARSHIPS.

Hon. William Jennings Bryan has established a loan Scholarship in Muskingum College from the Philo Sherman Bennett Fund of which he is trustee. This scholarship is loaned annually to worthy, poor young men without interest for a term of years. As the loans are paid in they are added to the principal of the Scholarship.

ROTARY SCHOLARSHIPS.

The College would earnestly commend to the friends of education our Rotary Scholarship plan for the aiding of worthy young men and women in straightened circumstances who are seeking to secure an education.

Briefly outlined the plan is as follows: Individuals or congregations will be given a scholarship on the payment of $50.00 a year for five years to the treasurer of the College, Prof. L. J. Graham, New Concord, Ohio. The donor, or if a congregation, the session, will have *the privilege of choosing* some poor but deserving young man or woman, *who could not otherwise attend college,* who will be designated as the beneficiary of this scholarship. The one consideration in the choice of the beneficiary that will be insisted upon by the College is

that *he must be unable to attend college without this help and* must give evidence of being worthy of such aid. If there should be a number of such young people in a congregation owning a scholarship the session may make choice by competitive examination, questions for which will be furnished by the Faculty. Should the individual donor or the session of the congregation have no person available the Faculty will designate a beneficiary from the numerous applicants which are yearly before them. Full information regarding such Scholarships will be furnished on application.

THE MUSKINGUM LEAGUE.

This is an organization formed during the past year which is destined to make its power felt in the future history of the College. It is an association of alumni, faculty, trustees, students and friends of Muskingum College, whose members contribute ten dollars apiece each year to improve, repair, equip, and complete the college "plant." Five hundred members of the *Muskingum League* would in a few years make the College, in material equipment and resources, not only abreast of our progressive age, but worthy of our educational traditions as a denomination. Will you not be one of the five hundred?

The *League* was organized with the following as its first members.

Prof. Jesse Johnson,D. D.,Xenia, O.;Pres. J. Knox Montgomery, D. D., New Concord, O.; Prof. Thos. H. Paden, New Concord, O.; Prof. L. J. Graham, New Concord, O.; Rev. L. L. Gray, Knoxville, O.; Rev. E. G. McKibben, and Mrs. E. G. McKibben, Washington, O.; Rev. J. M. Moore, Chase City, Va.; Prof. S. H. Maharry, Shelby, O.; Rev. Thos. H. Hanna, Steubenville, O; Rev. W. L. Garges, Savannah, O.; Rev. W. W. Willis, Taylorsville, Pa., R. D. 1; Miss Esther Bradley, New Concord, O.; Rev. David Livingstone, Columbus, O.; Prof. J. A. Gray, New Concord, O.; Rev. J. F. Johnson, Batchellersville, N. Y.; Rev. A. B. Dickey, Kimbolton, O.;

R. L. Brownlee, Steubenville, O.; Rev. J. C. Taggart, D. D., East Liverpool, O.; Mrs. Katharine Heldman, Mansfield, O.; J. M. Brown, Wheeling, W. Va.; Rev. Luther McCampbell, Almont, Mich.; Rev. S. E. Martin, Xenia, O.; Rev. J. A. Kennedy, Little York, Ill.; Rev. H. J. McClure, Mt. Perry, O.; C. J. White, Cambridge, O.; Miss Josephine Martin, Sialkot, India; Mrs. France Martin Giffen, American Mission, Egypt; Miss Dora E. Martin, New Concord, O.; O. P. Norris, Barnesville, O.; Rev. S. E. DuBois, Portland Oregon; W. O. Thompson, D. D., LL. D., Columbus, O.; Hon. Frederic E. Matson, Indianapolis, Ind.; Rev. S. Boyd Johnson, Lisbon, N. Y.; G. A. Dougherty, Salinas, Calif.; Rev. Orville A. Petty, Greeley, Colo.; Rev. Jas. H. Miller, Venitia, Pa.; Rev. Clark W. Comin, Petroleum, W. Va.; Rev. A. McDowell, New Wilmington, Pa.; W. A. Proudfit, Washington, Pa.; Miss Nellie R. Harris, New Concord, O.; Mrs. W. P. Aikin, Roney's Point, W. Va.; Henry S. Gill, Greensburg, Pa.; Miss Jennie E. Martin, Adamsville, Pa.; Rev. A. W. Martin, Adamsville, Pa.; Rev. Frank W. McKee, Quarryville, Pa.; Rev. T. R. Aiken, Albia, Iowa; Prof. Howard McDonald New Concord, O.

Those who have it in their heart to do something for the cause of Christian education and yet feel that they cannot make a contribution of any large sum will find an opportunity to do great good through the agency of the Muskingum League. Membership cards will be furnished on application.

THE MUSEUM.

Muskingum College should have had a valuable Museum at this stage of her history, consdering her age and her widely scattered and influential Alumni, some of whom have obtained distinction as Archeologists and Egyptologists. No special effort has been made in this direction. But the time has come for an advance. There is a good nucleus already. During the past year Miss Josephine Martin of Sialkot, India, made a large and valuable donotion.

The College will very much appreciate any gifts that its friends may make to the Museum.

GIFTS TO THE COLLEGE.

The following persons and congregations have contributed to the different funds of the College during the past year:

Dr. W. G, Waddle
Prof. J. A. Gray

THE PRESIDENT'S MANSE

SYNOPSIS OF COLLEGIATE COURSES OF STUDY.

Classical Course

To enter this course the student must have completed all the studies of the Preparatory Course.

FRESHMAN YEAR.

FALL TERM.

Mathematics—Solid Geometry.
Latin—Livy or Tacitus.
Greek—Homer's Iliad.
History—English History.
Bible.

WINTER TERM.

Mathematics—College Algebra.
Latin—Select Readings.
Greek—Lysias' Orations.
History—History of Greece.
English Literature—Introduction to American Literature.
Bible.

SPRING TERM.

Mathematics—Plane Trigonometry.
Latin—Cicero's Essays.
Greek—Demosthenes De Corona.
History—History of Rome.
English Literature—History of English Literature.
Bible.

SOPHOMORE YEAR.

FALL TERM.

Mathematics—Spherical Trigonometry.
Latin—Horace's Odes.
Greek—Greek Tragedy.

Science—College Physics.
English—Study of Words.
Bible.

WINTER TERM.

Mathematics—Analytical Geometry.
Latin—Latin Comedy.
Greek—Greek Comedy.
Science—College Physics.
English—Introduction to English Literature.
Bible.

SPRING TERM.

Mathematics—Surveying and Navigation.
Greek—Greek Testament.
English—Chaucer's Life and Poems.
Science—Botany.
Bible—Bible History.

JUNIOR YEAR.

NOTE—First year German may be chosen throughout this year in place of Calculus, Constitutional History, and Chemistry. It must, however, be chosen at the opening of the year and for the full year.

FALL TERM.

Mathematics—Calculus.
or
German—Begining Lessons.
Economics—General Principles.
Science—Chemistry.
English—Epic Poetry.
History—Constitutional History of United States.
Bible—Greek Testament.

WINTER TERM.

History—Constitutional History of England
or
German—Lessons Continued.

Economics—Money—Its Theory and the History of its Circulation.

Science—Chemistry.
English—Advanced Rhetoric.
Philosophy—Theoretical Ethics.
Bible— Greek Testament.

SPRING TERM.

Chemistry—Qualitative Analysis.
or
German—Readings and Grammar.
Economics—Sociology.
English—Dramatic Poetry.
History—Financial History of United States.
Philosophy—Logic, Deductive and Inductive.
Bible—Greek Testament.

SENIOR YEAR.

FALL TERM.

Philosophy—Psychology.
Political Science—Advanced work.
Evidences—Grounds of Christian Belief.
English—Philology.
or
German—Readings, Composition and Grammar.
Science—Geology.
Bible.

WINTER TERM.

Philosophy—Psychology.
Political Science—Comparative Politics.
Philosophy—History of Philosophy.
or
German—Selections from Literature.
Science—Astronomy.
Bible.

SPRING TERM.

Philosophy—Natural Theology.

Political Science—Elements of International Law. . . . .
Philosophy—History of Philosophy.
or
German—Selections from Literature.
English—The Essay and the Novel.
Science—Astronomy.
Bible.

SCIENTIFIC COURSE.

To enter this course the student must have completed the Preparatory Course.

FRESHMAN YEAR.

FALL TERM.

Mathematics—Solid Geometry.
Latin—Livy or Tacitus.
German—German, VII.
Science—Meteorology.
Bible.

WINTER TERM.

Mathematics—College Algebra.
Latin—Select Readings.
German—German, VIII.
Science—Human Physiology.
English Literature—Introduction to American Literature.
Bible.

SPRING TERM.

Mathematics—Plane Trigonometry.
Latin—Cicero's Essays.

German—German, IX.
Science—Zoology.
English Literature—History of English Literature.
Bible.

SOPHOMORE YEAR.

FALL TERM.

Mathematics—Spherical Trigonometry.
Latin—Horace's Odes.
German—German X.
Science—College Physics.
English—Study of Words.
Bible.

WINTER TERM.

Mathematics—Analytical Geometry.
Latin—Latin Comedy.
German—German, XI.
Science—College Physics.
English—Introduction to English Literature.
Bible.

SPRING TERM.

Mathematics—Surveying and Navigation.
German—German, XII.
Science—Botany.
English—Chaucer's Life and Poems.
Bible—Bible History.

JUNIOR YEAR.

First year French may be chosen throughout this year in place of English, Advanced Rhetoric and Financial History. Biology may be chosen throughout this year in place of Constitutional History, Fall and Winter terms, and Sociology, Spring term.

These courses, however, must be chosen at the opening of the year and for the full year.

FALL TERM.

Mathematics—Calculus.
Economics—General Principles.
Science—Chemistry.
English—Epic Poetry
or
French—French Lessons.
History—Constitutional History of United States.
or
Biology—General Biology.
Bible.

WINTER TERM.

Economics—Money—Its Theory and the History of its Circulation.
Science—Chemistry.
English—Advanced Rhetoric.
or
French—French II, Lessons Continued.
Philosophy—Theoretical Ethics.
History—Constitutional History of England.
or
Biology—Comparative Anatomy and Histology.
Bible.

SPRING TERM.

Chemistry—Qualitative Analysis.
Economics—Sociology.
or
Biology—Embryology.
English—Dramatic Poetry.
History—Financial History of United States
or
French—Readings and Grammar.
Philosophy—Logic, Deductive and Inductive.
Bible.

SENIOR YEAR.

FALL TERM.

Philosophy—Psychology.
Political Science—Advanced Work.
Evidences—Grounds of Christian Belief.
English—Philology.
or
French—French IV.
Science—Geology.
Bible.

WINTER TERM.

Philosophy—Psychology.
Political Science—Comparative Politics.
or
French—French V.
Philosophy—History of Philosophy.
or
Science—Physics or Chemistry.
Science—Astronomy.
Bible.

SPRING TERM.

Philosophy—Natural Theology.
Political Science—Elements of International Law
or
French—French VI.
Science—Astronomy.
Philosophy—History of Philosophy.
or
Science—Physics or Chemistry.
English—The Essay and the Novel.
Bible.

Literary Course.

Studies in Music, Elocution and Art are made part of the regular Junior and Senior work in this course. It is believed that this may properly be done in view of the disciplinary value of these studies. Careful attention is asked at this point to the following explanations:

1. Students in Music, Elocution and Art must make progress satisfactory to the professors in charge just as in any other studies.

2. Students can enter the Junior required work in Music, Elocution and Art at any stage of their progress in these studies.

3. The work done in Music will be credited on the regular musical course leading to the degree of Teacher of Music.

4. Those who begin the Junior music having already made progress, such that during the Junior and Senior years they complete the requirements for the degree of Teacher of Music, will receive that degree, besides that of B. L., at the time of their graduation from the Literary Course. Others will receive the degree of Teacher of Music after sufficient work to complete the requirements.

5. Music, Elocution or Art taken previously or elsewhere may be substituted for work in this course at the discretion of the Faculty.

6. Music, Elocution or Art cannot be substituted for studies in other courses.

7. Tuition for instruction in Music, Elocution and Art be charged extra, at the regular rates in those departments.

8. Pupils in Music, Elocution and Art will be subject to the special regulations in those departments.

SYNOPSIS OF COURSE.

ENTRANCE REQUIREMENTS.

A completion of the studies in one of the Preparatory Courses.

RECITATION HALL AND LABORATORY

FRESHMAN YEAR.

Same as in Scientific or Classical Course.

SOPHOMORE YEAR.

Same as in Scientific or Classical Course.

JUNIOR YEAR.

FALL TERM.

Physical Science—Chemistry: Non-Metallic Elements; Laboratory work four hours a week.

Political Economy—General Principles.

English—Epic Art.

Music, Oratory or Art—Two private lessons a week in Piano, Organ or Violin. Or an equivalent amount of work may be taken in Voice and Oratory or in Art.

WINTER TERM.

Physical Science—Chemistry; Metallic Elements; Carbon Compounds; Laboratory work four hours a week.

English—Advanced Rhetoric.

Ethics.

Music, Oratory or Art.—Same explanation as in Fall Term applies here.

SPRING TERM.

Philosophy—Logic; Deductive and Inductive.

Sociology or History.

English—Dramatic Art.

Music, Oratory or Art—Same explanation as in Fall Term applies here. Bible Study one hour a week throughout the year.

SENIOR YEAR.

FALL TERM.

Philosophy—Psychology; The Intellect.
Evidences; Grounds of Christian Belief.

French.

Music, Oratory or Art—Either No. 1 or No. 2.

1. One private lesson a week in Piano, Organ, or Violin, and one class lesson a week in Musical History and Theory.

2. An equivalent in work in private Voice, Oratory or in Art.

WINTER TERM.

Astronomy—General.

Political Science—Advanced Work or History of Philosophy.

French.

Music, Oratory or Art—Either No. 1 or No. 2.

1. One private lesson a week in Piano, Organ or Violin, and two class lessons a week in Harmony.

2. An equivalent in work in private Voice, Oratory or Art.

SPRING TERM.

Philosophy—Natural Theology: Grounds of Theistic Belief.

English—The Essay and The Novel.

French.

Music, Oratory or Art—Either No. 1 or No. 2.

1. Two private lessons a week in Piano, Organ or Violin.

2. An equivalent in work in private Voice, Oratory or in Art. Bible Study one hour a week throughout the year.

Statement of Work in Various Departments.

DEPARTMENT OF POLITICAL PHILOSOPHY AND HISTORY.

The purpose of the course in Political Philosophy is that the student may master the first principles of the different departments of this science, and may study the application of these to the life of society. The following courses are offered:

I. Economics—"Bullock's Introduction to the Study of Economics" will be used as the basis of the work in this course. Fall term of the Junior year, three hours a week.

II. Money—The theory of money and the history of its circulation. Paper Money, especially a history of the different kinds of paper money in the United States. Winter term of the Junior year, three hours a week.

III. Sociology—Small and Vincent's "Introduction to the Study of Society" is used as a basis in this study in connection with Wright's "Practical Sociology." Spring term of the Junior year, three hours a week.

IV. Political Science—A Study of the State—its origin, its forms and ends. A comparative study of the Constitutions and Constitutional Law of the four leading States of the world: Great Britian, Germany, France and the United States; Burgess' Vol I, Sovereignity and Liberty, Christian Civil Government, McAllister. Fall term of the Senior year three hours a week.

V. Comparative Politics; Municipal Government—A study of the problems of modern municipalities and local governments, Goodnow and Shaw. Winter term of the Senior year, four hours a week.

VI. The Elements of International Law—This course will be devoted to the study of the law of peace, the law of war and the law of neutrality. Spring term of the Sen-

ior year, three hours a week.

VII. History of England—The Political and Social History of England will be studied during the fall term of the Freshman year, four hours a week,—Montgomery.

VIII.—History of Rome—The history of Ancient Rome will be studied in the Spring term of the Freshman year, two hours a week.

IX. Constitutional History of the United States—In this course attention will be given to the essentials of our civil development; the origin of our civil system, its principles, its adaptation by amendment and construction, and its interpretation by the courts—Thorpe. Fall term of the Junior year, three hours a week.

X. Constitutional History of England—The origin and development of English Institutions, the growth of the state from a monarchial state to an aristocratic one, and from that to a democratic state; the development of the formation of the British Constitution. Winter term of the Junior year, four hours a week.

XI. Financal Histoty of the United States—This course is open to those who have some knowledge of the principles of Economics. The aim is briefly to go over the history of Federal Finance from the Colonial period down to the present time—Dewey's Financial History of the United States. Spring term of the Junior year, three hours a week.

DEPARTMENT OF PHILOSOPHY.

I. Ethics—Winter term of Junior year, three hours. The aim here is to ascertain the elements of the moral nature, the nature of virtue, and from these a correct theory of human duty. The wreck of the moral nature, as testified to by consciousness, is distinctly recognized, and various schemes of reconstruction are examined, and compared to find the true one. The theory of duty thus established is then applied to the discovery of duty in all the human relations. Library work on assigned topics. Valentine's Theoretical Ethics is the

text used.

II. Psychology—Four hours per week during the Fall and Winter terms of the Senior year. Text, James's Psychology (Briefer Course). Since self-knowledge is necessary to moral self-culture, to the highest appreciation of the best literature, and to an accurate knowledge of men and the ability to help them, the constant aim is to acquire the ability to know self. Required readings with reports.

III. Natural Theology—Three hours during Spring term of Senior year. The text book used is Valentine's Natural Theology. The object sought is to ascertain the existence and character of God by an appeal to reason and nature, all of the ordinary arguments receiving careful attention.

IV. History of Philosophy—This course is elective for Seniors, running four hours during the Winter term and three hours during the Spring term. Weber's History of Philosophy is used as a text book. Topics are assigned for investigation and reports and theses are required.

V. Evidences of Christianity—The object of this course is to prove the authenticity of the Sacred Scriptures by an examination of the most generally accepted evidences.

DEPARTMENT OF ENGLISH.

The aim of this department is to train the power of expressing thought and to cultivate a taste for good literature.

I. American Literature—A critical study of a selection each from Irving, Bryant, Emerson, Poe, Hawthorne, Longfellow, Lowell, Whittier and Holmes. Study of literary periods. Text, "Painter's Introduction." Much reading out of class, reports and essays. Freshman. Winter term. Three hours.

II. History of English Literature—The Spring term of the Freshman year is devoted to the study of the outinle of English Literature. Much reading, reports and essays. Three hours.

III. Study of Words—Text, "The Study of Words"

by Dean Trench. Sophomore. Fall term. Three hours.

IV. English Literature—A critical study of a selection of each from Chaucer, Spenser, Shakespeare, Byron, Milton, Pope, Burns, Goldsmith and Wordsworth. Attention is given to the development of literature by periods. Text, Painter's Introduction. Sophomore. Winter term. Three hours. Much reading out of class, reports and essays.

V. Chaucer—The Prologue, The Knight's Tale, and others. A study of the language, manners, and life of his day. Sophomore. Spring term.

VI. Epic Poetry—A critical study of Milton's "Paradise Lost" and Tennyson's "Idyls of the King." Other epic poems and some prose fiction are read outside the class and discussed in the class. Junior. Fall term. Three hours.

VII. Advanced Rhetoric—This course provides for a study of the whole theory of effective discourse. Provision is also made for criticism and construction. Each student will appear at least once during the term in a public deabte given in the College Chapel. Junior. Winter term. Four hours.

VIII. Dramatic Poetry—Special attention is given to the elements of the drama, to its origin and development. At least four of Shakespeare's dramas are to be read and studied in class. His life and his technique as an artist receive attention. Other dramas are read out of class. Junior. Spring term. Three hours.

IX. Linguistics—Prof. W. D. Whitney's "The Life and Growth of Language" is used as a text-book in this course. Senior (elective). Fall term. Three hours.

X. The Novel and the Essay—Four hours a week for the spring term. The nature and history of these forms of literature are studied. Careful reading and criticism of selections from Dickens, Scott, Thackeray and others. The essays of Bacon, Macaulay, Emerson and others are read and discussed in class. Written exercises. Senior.

DEPARTMENT OF ASTRONOMY AND MATHEMATICS.

The study of Astronomy is of the highest intellectual training. The object will be to understand in a reasonable degree the evidence by which some of the most astounding propositions are maintained. During the second term the principles necessary to a full comprehension of that indispensable problem—the equation of time—are taught. During this term also the student is made acquainted with a complete method of calculating solor eclipses.

1. SOLID GEOMETRY—Numerous exercises.

2. COLLEGE ALGEBRA—Interest and Annuities, Choice and Chance, Variables and Limits, Series, Theory of Equations.

3. TRIGONOMETRY—Plane Trigonometrical functions. Plane triangles, Goniometry.

4. TRIGONOMETRY—Spherical, Applications to Astronomy.

5. ANALYTICAL GEOMETRY—Application of rectilinear and polar co-ordinates to the point, the line, the conic sections, general equation of the second degree, higher plane curves.

6. SURVEYING AND NAVIGATION—Land Surveying, Leveling, Railroad Curves, Topographical Surveying, Plain Sailing, Parallel Sailing, Middle Latitude Sailing, Great Circle Sailing and Nautical Astronomy.

7. CALCULUS—Differential and Integral, Applications to Physics and Astronomy.

Each of the above four hours a week.

LOGIC.

Fundamntal laws of thought, the Notion, Concept, Division, Definition, Deduction, Reduction of Syllogisms, Modified Forms of Reasoning, Conditional Syllogisms, Fallacies, numerous exercises. Four hours a week.

DEPARTMENT OF GREEK.

Recognizing that a broad and liberal education demands a knowledge of the Greek language and literature, an effort is made to give the student an appreciation of the Greek language as a medium of thought and of the Greek literature in poetry, history and oratory.

Much attention is given to the history of Greece and to those elements in the Greek life and character which have had most influence on modern thought and culture. The following courses constitute the work in the College department:

I. Homer's Iliad—Fall term. Four hours. Attention is given to the Homeric dialect, Prosody and Grecian Mythology. Seymour's School Iliad. Guerber's Myths of Greece and Rome.

II. Lysias' Orations—Winter term. Four hours. Selected orations. Review of Grammar. Study of Athenian court practice. Wait's Lysias.

III. Demosthenes' De Corona—Spring term. Four hours. Study of Grecian oratory and of the history of the period.

IV. Greek Tragedy—Fall term. Three hours. Assignment for 1905, Euripides' Medea. The Greek stage and the development of the drama are studied, using Jebb's Greek Literature in connection with required readings and theses. Scansion.

V. Greek Comedy—Winter term. Three hours. Aristophenes' Clouds. Continuation of the study of Greek Literature.

VI. Greek Testament—Three hours during the Spring term and one hour throughout the Junior year. Reading equally divided between the gospels and the epistles. A careful study of the grammatical difficulties of Biblical Greek. Sight reading.

VII. In addition to the above courses, two hours per week, during the Spring term of the Freshman year, are devoted to the study of Grecian history.

A VIEW OF THE TOWN FROM COLLEGE HILL

DEPARTMENT OF LATIN.

The purpose of instruction in the Latin Language is to enable the student to understand the principles of the language and to acquire the ability to translate it into idiomatic English. Latin is a required study in the Freshman and Sophomore years. Throughout the course Latin Literature will be studied. The following courses will be offered:

I. Livy or Tacitus—Fall term of the Freshman year, three hours a week.

II. Selections from the Latin Authors, Pliny, Seneca, Ovid, Catullus, etc. Winter term of the Freshman year, three hours a week.

III. Cicero's Essays—De Senectute or De Amicitia, Spring term of the Freshman year, three hours a week.

IV. Horace—Selections from his Odes, Epodes, and Satires. Fall term of the Sophomore year, three hours a week.

V. Latin Comedy—Plautus' Mostellaria. Winter term of the Sophomore year, three hours a week.

VI. Juvenal—Satires. Spring term of the Sophomore year, three hours a week. (Omitted in 1906-1907.)

DEPARTMENT OF GERMAN.

The object of these courses is to give a knowledge of the elements of syntax and composition and facility in the reading and speaking of the German language. The first courses are elementary in character and as they advance the study of the literature claims increasing attention. Supplementary reading is encouraged and themes are required to be written in German from objects assigned which require independent work. The history of the German people and their literature is assigned for supplementary study and reading.

I and II—Elements of German—Includes daily reading, composition and study of grammar. Fall and winter terms, four hours per week.

III. Reading and Composition—Easy modern texts of short stories. Spring term, recitation four hours per week.

IV., V and VI. Advanced Grammar—Prose Composition—Reading of recent German prose and simple plays of Lessing, Goethe or Schiller. Sight reading. Throughout the year, four hours per week.

VII. and VIII. Schiller—His life, works and times with selected readings from his lyrics, prose and dramas. It is the aim to make Schiller the central figure of themes, essays and critical studies to be written in German. Study of German History and Literature. Fall and Winter terms, four hours per week.

IX. Early German Authors—Rapid readings of selections made from a large number of representative authors. Spring term, three hours per week.

X. and XI. Goethe—His Life and Works. This course is to parallel course seven and eight. Introduction to Goethe's prose and poetry. Themes on his life, times and works. Fall and Winter terms, three hours per week.

XII. Lessing and Heine—Study of their lives and writings, special attention given to theme writings on these two men. Their most important works will be read in class. Spring term, three hours per week.

DEPARTMENT OF FRENCH.

I. and II. Elements of French—Elementary forms, translations, written exercises. The object here is to acquaint the student as rapidly as possible with the grammar and vocabulary so that it may be possible to quickly acquire a reading knowledge of French. Fall and Winter terms, four hours per week.

III. Composition and Reading—Based on Halevy's L'Abbe Constantin, Contes de Fees or some other text of this grade. Spring term, four hours per week.

IV. Prose Fiction—Conversation, theme writing, sight reading, study of modern French prose. Fall term, three hours per week.

V. Prose and Poetry—Sight translation and composi-

tion. Reading of French works of the character of Cornelle's Cid, Hugo's Les Miserables, Rostand's L'Aiglon and Balzac's Cinq-Scenes de la Comedie Humaine. Winter term, four hours per week.

VI. Introduction to French Literature—This course aims to give a comprehensive outline of French Literature. There will be a study of representative works accompanied by a History of the French Literature. Spring term, three hours per week.

DEPARTMENT OF PHYSICS.

The advanced work in College Physics will require a usable knowledge of Geometry and Trigonometry. The mathematical side will be given due attention. Special topics may be assigned for detailed study and reports. Prerequisites, Geometry, Trigonometry and Preparatory Physics.

I. Mechanics and Heat—Fall term, three hours per week. Laboratory work additional. Hastings and Beach's General Physics.

II. Electricity and Magnetism—Winter term, three hours per week. Laboratory work. Same text as above.

III. Sound and Light—Winter term. Three hours per week recitation with additional laboratory work.

IV. Advanced Physics—This course will be arranged to suit the needs of the class. Topics selected for special study. Laboratory practice. Courses III and IV are elective and will be given when there is sufficient demand from students who have completed courses I and II. Spring term.

DEPARTMENT OF CHEMISTRY.

I. General Chemistry—Elementary course, giving an introduction to chemical principles and methods. These are taught with the descriptive chemistry of the non-metallic elements. Careful manipulation, thoroughness in observation, accuracy in arriving at conclusions and neatness in note taking are required of each student. Fall term, recitations three hours, laboratory three hours per week.

II. General Chemistry—Continuation of Course one. Study of the metallic elements and an introduction to organic chemistry. Winter term, recitations three hours, laboratory three hours per week.

III. Qualitative Analysis consists of study of reactions involved in the separation and identification of bases and acids. The student will be expected to analyze a number of simple salts and a few mixtures which contain, in each case, only the metals and acids of a single group. Spring term, recitations two hours, laboratory three hours per week.

IV. Qualitative Analysis—Continuation of course three. More advanced work. Winter term, recitations and laboratory.

V. Qualitative Analysis—Mostly Laboratory work. Spring term.

DEPARTMENT OF BIOLOGY.

I. Human Physiology—A special advance study of human anatomy and physiology. Winter term, three hours per week.

II. Invertebrate and Vertebrate Zoology—Systematic and theoretical Zoology. Recitations and laboratory work. Spring term, three hours per week.

III. Botany—Cryptogamic and Phanerogamic. Study of cell structure and arrangement as exhibited in the tissues of higher plants. Gives introduction to the vegetable kingdom and the life histories of plants. Recitation, laboratory and field work. Spring term, four hours per week.

IV. General Biology—Examination of the properties of living organisms, protoplasm and the cell as the organic unit. Comparison of plant and animal tissues, organs and habits. Fall term, three hours per week.

V. Comparative Anatomy and Histology—Comparative study of the organs and tissues of the vertebrates, including the elements of mammalian anatomy, accompanied by dissections and an introduction to general histology. Winter term, three hours per week.

VI. Embryology—Work on the comparative embryology of vertebrates. Spring term, three hours per week.

DEPARTMENT OF GEOLOGY.

I. Dynamical, Structural and Historical Geology—This course consists of recitation and field work accompanied by collateral reading and themes on special topics. Fall term, three hours per week.

II. Meteorology—This course is concerned with the temperature, rainfall and other meteorological elements; their normal conditions, variations and distribution; with the general atmospheric circulation; the cyclonic and special storms. Students will be made acquainted with the construction of the weather map, forecasting, and the instruments used in measuring meteorological elements. Fall term, four hours per week.

DEPARTMENT OF BIBLICAL SCIENCE.

The aim of this department is to awaken in the student a love for the English Bible and give him a comprehensive view of its contents; to lead the students to appreciate the Bible as most interesting and profitable literature. The Bible itself is the principal textbook.

1. Its divine origin gives it a rank above all other books.
2. For mental training its infallible truths are superior to all mere human knowledge.
3. Its literature is the inspiration of all the world's best literature.
4. As history, it reveals God as the author of all things from the beginning.
5. It reveals God's methods in history for three thousand years.
6. It challenges the obeisance of all human thought and action.
7. It reveals the only perfect code of morals, and is the final test of all ethical philosophy.
8. It is the source of all spiritual life and growth when applied and sealed by the Holy Spirit, its divine author.

These propositions are assumed and acted upon at Muskingum. Hence we make the Bible the text-book of all the classes, and we seek to make the Bible Course the unifying course of all sound learning.

METHODS.

1. We study the Bible itself and not books about the Bible. Few helps are used and these only so far as they aid in the study of the Bible itself.

2. We follow the historical thread from Genesis to Revelation.

3. We do not teach Systematic Theology, while we do emphasize the great fundamental truths of Revelation.

4. We do the same sort of drill work in the Bible classes as in other departments of study.

5. We assume the infallibility and inspired nature of the Book from the very beginning; we do not count it a common text-book.

6. We hold that no education is complete which has no comprehensive knowledge of divine truth to give complexion to all else.

Course of Study for Teachers.

(See following page for outline.)

Sincerely desiring to be of service to that large number of young men and women who are looking toward teaching as a calling, and who do not yet feel themselves able to meet the expense of a complete college course, Muskingum College offers the following course of study, on the completion of which the student receives a certificate, testifying to the work done. No degree is granted for this course.

At any point in the course, we shall willingly furnish the student with a certificate indicating the work already done. This certificate will be put up in attractive form.

A glance at this course will show that it contains all the subjects ordinarily taught in our public schools, graded and ungraded, including first grade high schools.

In addition it contains work in Psychology, History of Education and Methods of Teaching. There will be required readings in Educational Journals during the last two years.

Those who enter for this course have all the privileges enjoyed by other students, and are under the same requirements.

We are confident that it will be a great benefit to any teacher to thoroughly complete this course. The teacher who has a true ambition and a high ideal will, however, desire to go on from this point and complete one of the other courses. Full credit will be given on the other courses for work done in this. After completing this course the student can complete either the Scientific or the Literary course in three years, or (by some extra work in Greek) the Classical course in three years.

COURSE OF STUDY FOR TEACHERS.

FALL TERM.

First Year.	Second Year.	Third Year.	Fourth Year.
Latin Lessons	Caesar	Virgil	Livy or Tacitus
English Grammar	Rhetoric	Study of Words	Psychology
Physiography	Elem't'y Algebra	Higher Algebra	Solid Geometry
Higher Arithmetic	General History	Physics	Geology
U. S. History			

WINTER TERM.

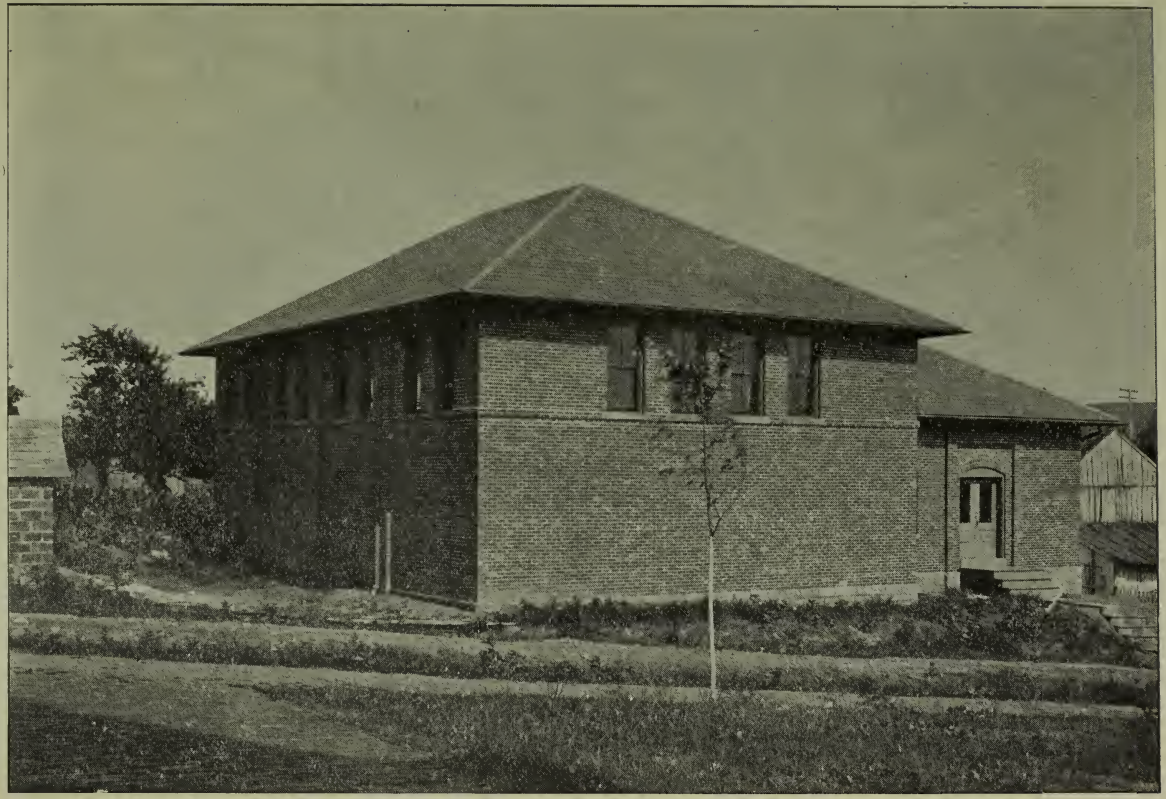
First Year.	Second Year.	Third Year.	Fourth Year.
Latin Lessons	Caesar	Virgil and Cicero	Latin, Select Readings
English Grammar	Rhetoric	Introduction to Eng. Literature	Higher Algebra
Physiology	Elem't'y Algebra	Higher Algebra	Psychology
Higher Arithmetic	General History	Physics	Hist. of Educat'n
U. S. History			

SPRING TERM.

First Year.	Second Year.	Third Year.	Fourth Year.
Latin Lessons	Caesar	Cicero	Cicero's Essays
English Grammar	History of English Literature	Introduction to Am. Literature	Methods of Teaching
Orthography	Elem't'ry Algebra	Physics	Botany
Higher Arithmetic	General History	Plane Geometry	Trigonometry
Civics			

See preceding page for explanation.

Bible Study one hour a week during the third and fourth years.



THE GYMNASIUM

PREPARATORY DEPARTMENT.

The aim of this department is to provide thorough preparation under the most favorable conditions for the College Courses and to lay a solid foundation for a liberal education. The work is arranged, too, so as to meet the requirements of those who are looking forward to a professional or scientific education. Teachers will find the work in this department of special value.

The Students are subject to the same regulations and receive the benefit of all the facilities and advantages incident to association with a progressive College. The instruction is equally thorough with that done in the College department.

ENGLISH.

Preparatory to College English, one year is devoted to a review of English Grammar with a view to the correct and effective use of language. Five hours a week.

Two terms are given to the study of Rhetoric in the Middle Preparatory year. Punctuation, diction, style, figures of speech, and prosody receive special attention. Fall and Winter terms. Five hours a week.

English Composition is taught in the Spring term of this year. Weekly theme writing, paragraph writing and impromptu essays are required. Five hours.

The Senior Preparatory year is given to the critical study of the literary works required for entrance to college. There is a careful oversight of the work in required reading and an honest effort is made to have it enjoyed. Two hours a week in class.

HISTORY.

General History—A History of the Ancient Oriental Nations and an outline of the history of the Modern Nations

of Europe are studied during the middle year of the Preparatory course, three hours a week.

PREREQUISITE—United States History.

POLITICAL SCIENCE.

CIVICS—The origin and growth of our government, local, state and national, and also the formation and principles of the Federal Constitution, are studied during the Spring term of the Junior Preparatory year, three hours a week. Prerequisite —United States History.

GREEK.

The preparatory work in Greek covers two years as follows:

FIRST YEAR—White's First Greek Book, two terms. Xenophon's Anabasis, one term. During the first two terms an effort is made to secure the mastery of essential inflections, the acquisition of a good working vocabulary, and familiarity with the irregular forms of verbs. The object in the Spring term is to lay a solid foundation in the general principles of Greek syntax.

SECOND YEAR—Xenophon's Anabasis, four books completed, two terms; Plato's Apology and Crito, one term. Grammar and prose composition are prominent during the first two terms. The third term affords opportunity to study the life and character of Socrates and his contemporaries.

LATIN.

The aim of the instruction in Latin is to get a good working vocabulary, to master the inflections and ordinary constructions of the language and to become able to read Latin of average difficulty with facility. Throughout this course a thorough drill is given in grammatical forms and principles. In poetry attention is given to scansion and Mythology. The Roman pronunciation is used and its correct use is constantly insisted upon. Throughout the course attention is given to

the writing of Latin. The work in this course covers a period of three years as follows:

Junior Year—Bennett's Foundation of Latin, throughout the year, five hours a week.

Middle Year—Caesar, the selections from Caesar's Gallic War contained in Greenough, D'Ooge and Daniel's Second Year Latin Book, four hours a week.

Senior Year—Virgil and Cicero. Virgil's Aeneid, Books I-VI, and Cicero's four Orations against Cataline, four hours a week.

PHYSICS.

This course extends throughout the three terms of the Senior year and consists of three hours per week of recitation accompanied by laboratory work. The first two terms consist of a study of the Elements of Physics while the third term gives more practical work in the measurements of Magnetism and Electricity.

PHYSIOGRAPHY.

This includes a study of the land forms and their relation to life. Recitations four hours per week. Fall and Winter terms.

GERMAN.

The aim of this course is to give a ready knowledge of the language and an insight into the life and thought of the German people. German is treated as a living language and immediate contact with it is cultivated through various kinds of oral and written exercises. As far as possible the German language is used in the class room and students are urged to continue this outside. The first year consists of drills in grammar, syntax, composition and reading of many short stories. Throughout the year, four hours per week.

SECOND YEAR—Advanced Grammar and prose composition. Sight reading. Theme writing. Reading recent German prose and poetry. Throughout the year, four hours per week.

MATHEMATICS.

I. Beginning Algebra—Real success in the higher mathematics depends very much upon a thorough mastery of the rudiments of Algebra. For this reason the student who has never studied Algebra will be required to study "Wentworth's First Steps in Algebra" for two terms reviewing and re-reviewing as the instructor may direct. During the third term the pupil studies the first nine chapters of Wentworth's Higher Algebra.

II. Higher Algebra—Simultaneous Equations, Indeterminate Equations, Inequalities, Radical Expressions, Quadratic Equations, Ratio and Proportion, Variation, Progression, Binominal Theorem, Common Logarithms.

III. Geometry—Plane. Numerous exercises in the invention of proofs and in construction.

PREPARATORY COURSE

JUNIOR YEAR.

FALL TERM.

Mathematics—Arithmetic.
Latin—Latin Lessons.
English—English Grammar.
Science—Physiography.

WINTER TERM.

Mathematics—Arithmetic.
Latin—Latin Lessons.
English—English Grammar.
Science—Physiology.
Science—Physiography.

SPRING TERM.

Mathematics—Arithmetic.

Latin—Latin Lessons.
English—English Grammar.
History—American History.
Political Science—Civics.

MIDDLE YEAR.

FALL TERM.

Mathematics—Elementary Algebra.
Latin—Caesar.
Greek—Greek Lessons.
or
German—Beginning Lessons.
English—Rhetoric.
History—General History.

WINTER TERM.

Mathematics—Elementary Algebra.
Latin—Caesar.
Greek—Greek Lessons.
or
German—Lessons Continued.
English—Rhetoric.
History—General History.

SPRING TERM.

Mathematics—Elementary Algebra.
Latin—Caesar.
Greek—Anabasis.
or
German—Readings and Grammar.
English—Composition.
History—General History.

SENIOR YEAR.

FALL TERM.

Mathematics—Higher Algebra.

Latin—Virgil.
Greek—Anabasis.
or
German—Readings, Composition and Grammar.
Science—Physics.
English—English Classics.
Bible.

WINTER TERM.

Mathematics—Higher Algebra.
Latin—Virgil and Cicero.
Greek—Anabasis.
or
German—Selections from Literature.
Science—Physics.
English—English Classics.
Bible.

SPRING TERM.

Mathematics—Plane Geometry.
Latin—Cicero.
Science—Physics.
Greek—Plato
or
German—Selections from Literature.
English—English Classics.
Bible.

German is preparatory to the Scientific Course and Greek to the Classical Course.

DEPARTMENT OF MUSIC.

PIANO, ORGAN, VIOLIN, HARMONY, THEORY.

MRS. EVA HUMMER HULL.
LENA GRAHAM, Assistant.

PIANO.

The essentials of first-class piano playing are constantly kept in view;,accuracy of execution;attention to meter, rhythm and quality of tone; phrasing; facility of execution; and intelligent interpretation.

As far as possible the work is made musical, and dry mechanical exercises are avoided.

COURSES OF STUDY FOR PIANO.

FIRST GRADE.

Technical Studies.
Primary Studies by Kohler, Czerny and Loeschorn.
Selected Etudes and Solos.
Recitals and Sight-Reading Exercises.

SECOND GRADE.

Second Book of Lebert and Stark's Piano School.
Czerny's School of Velocity.
Selected Etudes and Solos.
Recitals and Sight-Reading Exercises.
Theory and Musical History.

THIRD GRADE.

Third Book of Lebert and Stark's Piano School.
Fifty Studies by Cramer.
Selected Etudes and Solos.
Recitals and Sight-Reading Exercises.
Theory and Musical History.

FOURTH GRADE.

Clementi's Gradus and Parnassum.
Bach's Inventions.
Chopin's Etudes.
Selected Etudes and Solos.
Recitals and Sight-Reading Exercises.
Theory and Musical History.

On the completion of the first three grades the pupil is entitled to a certificate which is valuable in getting a teaching position.

On the completion of the four grades, together with three terms in Harmony and a course of reading in Musical History, the pupil is entitled to graduation with the degree of Teacher of Music.

The length of time required to complete the course depends largely on the advancement before entering, and the diligence, talent and health afterward. Under ordinary circumstances it will require from four to five years. A very talented pupil might complete the four grades in three years.

VIOLIN.

With perhaps the exception of the Piano, the Violin is the most universally accepted and used instrument. Its capacity for eloquent and varied expression is unrivaled by any instrument in use. Although restricted in the extensive production of harmonious effects, the violin rises to the foremost position as leader in all the qualities of melody and tone, and, more than any other instrument, is the means of cultivating an ear for melody, in both player and hearers.

A CAMPUS SCENE, LOOKING NORTH

COURSE OF STUDY FOR VIOLIN.

FIRST GRADE.

David's Violin School, Part First.
Schradieck's Technical Studies.
Schradieck's Scales and Exercises.
Selected Solos.
Recitals and Sight-Reading Exercises.

SECOND GRADE.

David's Violin School, Part Second.
Maza's Etudes.
Selected Solos.
Recitals and Sight-Reading Exercises.
Theory and Musical History.

THIRD GRADE.

Kreutzer—Forty Etudes.
Fiorillo's Etudes.
Selected Solos.
Recitals and Sight-Reading Exercises.
Theory and Musical History.

On the completion of this course, together with three terms of Harmony and a course of reading in Musical History, the pupil is entitled to graduation with the degree of Teacher of Music.

ORGAN.

In the study of Reed Organ special attention is given to Registration and the proper use of the instrument for producing the best effects, and to the acquisition of a repertoire of works especially suited to this instrument.

The study of Church Music is made a prominent feature in the course. A course of study has been marked out for this instrument also. The completion of it entitles to the degree of Teacher of Music.

HARMONY.

The study of Harmony is universally recognized as an essential part of a musical education.

A correct understanding of the Musical Arts requires some knowledge of choral formation and combination, and of Melody Writing.

THEORY AND MUSICAL HISTORY.

During all the grades after the first, pupils will be required to join a class in Theory and Musical History, and to do the work required by the instructor. For this a small charge is made.

RECITALS.

Pupils' recitals and sight-reading classes are held regularly for all pupils, and pupils are required to attend regularly and to take part as directed by the instructor. For this work no charge is made.

TUITION FOR PIANO, ORGAN, VIOLIN OR 'CELLO.

FALL TERM—FOURTEEN WEEKS.

One private lesson per week	$12 00
Two private lessons per week	20 00
Three private lessons per week	28 00
Two in a class, one lesson per week, fifty minutes' recitation	10 00
Two in a class, two lessons per week, fifty minutes' recitation	18 00
Harmony, two class lessons per week	7 00

WINTER AND SPRING TERMS—TWELVE WEEKS EACH.

One private lesson per week	$10 00
Two private lessons per week	18 00
Three private lessons per week	25 00

Two in a class, one lesson per week, fifty minutes' recitation 8 00
Two in a class, two lessons per week, fifty minutes, recitation 15 00
Harmony, two class lessons per week..... 6 00

The fee for diploma is $2.50, and for the certificate, $1.50.

Class lessons are a great advantage to thoroughly interested students, for, though the cost is less, the time is longer and opportunity to watch the work and to hear the criticism of another learner is valuable.

FOR ASSISTANT TEACHER.

FALL TERM.

One private lesson per week.....$ 9 00
Two private lessons per week..... 15 00
Three private lessons per week..... 20 00

WINTER AND SPRING TERMS.

One private lesson per week.....$ 8 00
Two private lessons per week..... 14 00
Three private lessons per week..... 18 00

MUSICAL HISTORY AND THEORY.

FALL TERM.

Two class lessons per week.....$7 00

WINTER AND SPRING TERMS.

Two class lessons per week.....$6 00

Pianos and organs may be had for practice at various rates. The ordinary charge for two hours a day (6 days in the week) for the Fall Term is $4.50 to $4.75; for Winter or Spring Term $3.75 to $4.00.

VOICE CULTURE.

Miss Helen Potts.

The influence of song in the cultivation of the finer sensibilities of the human mind is measureless. Singing, or music of some kind, is a part of almost every gathering.

The human voice is a wonderful creation. It is the most powerful means of expressing emotion through music. The cultivation of the voice gives to it sweetness, strength and ease of expression. Voice Culture is also Health Culture. By it freshness, vigor and elasticity are imparted to the body and mind.

No one method will be taught. The best from all methods will be used to obtain perfect development of the voice. Special attention will be given to tone production and placing, correct beathing and intelligent expression.

A Rudimental Class will be formed for the study of the elements of choral music, and also an Advanced Class for the study and rendition of a high grade of musical compositions. Sometimes a student may join both these classes with benefit. The charge is very small.

TUITION.

One private voice lesson a week, Fall Term (14 weeks)	$14 00
Two private voice lessons a week, Fall Term (14 weeks)	28 00
One private voice lesson a week, Winter or Spring (12 weeks)	12 00
Two private voice lessons a week, Winter or Spring (12 weeks)	24 00

DEPARTMENT OF ORATORY

PUBLIC SPEAKING AND INTERPRETIVE READING.

ELBERT RAYMOND MOSES.

The day is past when a young man or woman can say that preparation for life's duties is completed without some preliminary training in thought presentation. The work laid down in a prescribed course may have been brought to a successful end, yet if there is not a sufficient understanding of how to use the knowledge obtained, it will be as tools in the hands of an unskilled artisan, dead weight.

The trite saying that "knowledge is power" is very true, but the amount of power that knowledge will yield depends upon the manner in which the knowledge is used.

The study of Oratory teaches the student how to use his knowledge so as to reap the greatest possible benefit. It reveals to him the power of concentration, discrimination, and self-possession. It gives to him who is faithful to his task a well-rounded modulated voice. It equips him with a physical being worthy to be called "The Temple of God." All this linked to a well-prescribed college course produces the symmetrical man —the man with a keen intellect, a pleasing voice and an impressive body.

Are you preparing yourself for a place of usefulness, if so, then your ideal should be the symmetrical man because it is through him that the most difficult problems are solved, the greatest successes achieved and the highest goals attained.

Are your chances for success in life impaired if you neglect the development of the symmetrical man, read carefully what William Ewart Gladstone says: "Many a professional man now in obscurity might rise to the highest rank if he were farseeing enough to train his voice and body as well as his mind."

Muskingum College in 1906-7 will be ready to offer suitable courses in Oratory, Elocution, Extemporaneous speaking, Debating, Bible and Psalm Reading, Sight Reading, and Oratorical Composition.

Private instruction will be given at the following prices:

FALL TERM—FOURTEEN WEEKS.

Three private lessons a week	$20 00
Two private lessons a week	15 00
One private lesson a week	10 00
One half term (seven lessons)	6 00
Single lesson	1 00

WINTER AND SPRING TERMS—TWELVE WEEKS EACH.

Three private lessons a week	$17 00
Two private lessons a week	13 00
One private lesson a week	9 00
One half term (six lessons)	5 00
Single lesson	1 00

CLASS LESSONS.

Fall term, two lessons a week	$7 00
Winter or Spring term, two lessons a week	5 00

GENERAL RULES AND INFORMATION.

Pupils are subject to the College Rules and also to the special rules of the department.

All students enrolled for one lesson a week are required to appear on a public recital at least once a term.

Lessons lost by fault of pupils will not be made up.

Excused lessons one day previous to the taking of the lesson will be made up.

When the omission is caused by the teacher the lesson will be made up.

Payment will be required in advance.

No tuition refunded only in the case of sickness.

No tuition transferred to other departments.

ART DEPARTMENT.

MISS SARA ALLISON GRAY, *B. S.*

Training the eye and hand is an important part of a finished education and should not be neglected. All need to develop a knowledge of form and color. A course in Drawing and Painting is the best way to do it. Instruction given in China Painting, Drawing and Crayon in landscape, animals, etc . Landscapes, flowers and decorative painting in Oil and Water Colors. Special attention to beginners. Prang's System of Free Hand Drawing taught. W recommend this course to all, especially to those who are preparing to teach.

Students must have some knowledge of Drawing before attempting to work in Crayon.

Students are required to master the simpler studies before attempting anything difficult. Students will be advanced as rapidly as in the judgment of the teacher is best for them.

Instruction in Pyrography is also given.

The art of burning wood and leather is very popular because by it a great variety of useful and fancy household articles can be decorated.

TERMS.

12 hours a week in Oil painting (Fall term)	$12 00
6 hours a week in Oil painting (Fall term)	6 00
Water Color and China painting at the same rates.	
12 hours a week in Crayon (Fall term)	10 00
6 hours a week in Crayon (Fall term)	5 00
12 hours a week in Oil painting (Winter or Spring)	10 00
6 hours a week in Oil painting (Winter or Spring)	5 00
Water Color and China same rates as Oil painting.	
12 hours a week in Crayon (Winter or Spring)	8 00
6 hours a week in Crayon (Winter or Spring)	4 00
3 lessons a week in Free Hand Drawing (Fall Term)	3 00
3 lessons a week in Free Hand Drawing (Winter or Spring)	2 50

SUMMER TERM.

JUNE 18 TO AUGUST 10.

FACULTY.

REV. J. KNOX MONTGOMERY, D. D., PRESIDENT
HOWARD McDONALD, A. B., PRINCIPAL
Professor of Greek and Philosophy
J. A. GRAY, A. M., Ph. D.
Professor of Mathematics and Logic
T. E. TROTT, B. S.
Instructor in Common Branches
DELLA LORIMER, B. S.
Instructor in Latin and Literature
J. H. MORRIS,
Superintendent of Schools, Batesville, Ohio.
R. M. MARLOWE
Superintendent of Schools, New Concord, Ohio
R. W. CALDWELL
Instructor in Natural Science and Physical Director
W. M. AIKIN
Instructor in English
LENA GRAHAM, B. L.
Instructor in Instrumental Music
LENA WILSON, Librarian.

The development of the Summer School idea is one of the most remarkable features in the progress of education during the last decade. Summer schools have passed gradually from an earlier and spontaneous stage into certain types and organizations until they are recognized as a part, though a somewhat unrelated part, of our educational system. The fundamental demand which they have met is that for better trained teachers.

The number of schools and the large enrollment indicate that they fill a real need.

A QUIET RETREAT

The purpose of these summer schools is by no means met in the preparation of teachers for examinations. These offer means of advancement by providing efficient training. Many teachers are unable for financial and other reasons to take a year off from work to attend college and yet the teacher, who is not eager for higher training and the promotion which accompanies it, is hardly worthy to teach. The summer school is for the ambitious teacher who recognizes the inadequacy of the equipment obtained in the common school.

The teaching profession offers better opportunities today than ever before for the competent teacher. Promotion is limited only by the qualifications of the teacher. The lucrative positions are awaiting you.

It is sometimes maintained that teachers should rest during the summer, that the long vacation is a time of sacred idleness not to be employed in intellectual labor of any kind. This is an erroneous idea, for, by a wise combination of recreation and study under proper regulation it is possible to make summer school work genuinely recreative.

Muskingum College, recognizing the above-mentioned need, has amply provided for it by conducting a summer term of eight weeks beginning usually about the middle of June. Hundreds of teachers have availed themselves of this opportunity and have returned to their work with new inspiration obtained in the class room and from contact with other teachers. Scores have gone away to find that the county examinations have ceased to be the bugbear they formerly were. Many have received splendid promotions which they attribute directly to the work done in Muskingum College Summer School. We have many calls every year for competent teachers to fill vacancies in the country schools, in the graded schools, and in the high schools.

School Boards in search of teachers look to the summer schools first of all because they realize the best teachers are to be found here.

The men and women found at work during the summer

have ambition and energy and are therefore endowed with the elements of success.

If you want to equip yourself for teaching, quickly, thoroughly and economically, if you want to increase your salary as a teacher, if you want to do work preparatory to a college degree,you cannot afford to spend the summer in idleness but should come to Muskingum. The Summer School of 1906 will begin at 2:30 in the afternoon of June the 18th.

The hundred students who were in attendance last year went away satisfied. We expect one hundred and fifty this year. Will you not make one of the number?

ADVANCED WORK.

Any branch in the Preparatory or College Course (excepting the Senior year and Chemistry) will be taught provided there is sufficient demand for it. Work will be offered in Latin, Greek, Algebra, Geometry, History, Literature, Rhetoric, Natural Science, Pedagogy and Beginning German. Last year classes were organized in all the subjects mentioned above.

In Latin and Algebra there are usually several classes running adapted to the needs of students.

THE COMMON BRANCHES

The work in the Common School Branches will be under the direction of Prof. T. E. Trott, who needs no introduction to the teachers of Southeastern Ohio. He will be ably assisted by a corps of prominent educators selected from the teachers of Muskingum, Guernsey and Noble Counties.

Preparing teachers for county examinations is made a specialty, although scholarship and good teaching methods are not sacrificed in order to attain the above mentioned result. In Arithmetic a list of problems will be used by Prof. Trott which have been collected from various sources during an experience of fifteen years.

CREDITS

Work done in the Summer Term will be credited in any of the Preparatory or College courses of study.

On the recommendation of the instructor, credit will be given for not more than three (3) studies of the regular College course.

TUITION

One College Study	$5 00
Two College Studies	8 00
Three College Studies	10 00
Common Branches	7 00
One College Study and Common Branches	9 00
Two College Studies and Common Branches	10 00

Students attending a part of the term will be charged a little higher rate than the above by the week.

BOARD AND ROOMS

Nearly all the students board in clubs which is cheaper than private boarding. They live just as well and the summer is made pleasanter socially by the acquaintanceships formed in the club. The Faculty of the Summer School will gladly arrange for rooms and boarding for students ahead of their arrival. Members of the Faculty will meet all trains when the students are arriving in order that all may be carefully provided for.

Furnished Rooms, per week	50 to 75c
Cooking, per week	60c

The cost of provisions is governed by the market price of the articles of food. The cost during the summer varies from $1.20 to $1.40 per week. Not including the tuition the cost of the term need not exceed twenty dollars.

TEACHERS' BUREAU

The Principal of the Summer School in the past has had many calls for teachers. Frequently satisfactory teachers have

been supplied but the work has suffered in efficiency from lack of organization.

This year it is proposed to organize a bureau with which all teachers without a position or desirous of promotion may register. Effort will be made to keep in touch with the school boards of this and adjacent counties in order that definite information may be on hand regarding vacancies.

In this way it will be possible to do some valuable work for the students for which not a cent will be charged. If you are wanting a position either in common school or high school your chances of getting it will be greatly increased by attendance at the Muskingum Summer School.

MUSIC—ORGAN AND PIANO

The essentials of first-class piano playing are constantly kept in view, accuracy of execution, attention to meter, rhythm, and quality of tone; phrasing; facility of execution; and intelligent interpretation. To achieve the best results, both technical studies and those conspicuous for their beauty of form, are used. As far as possible the work is made musical; and dry mechanical exercises are avoided.

TUITION FOR PIANO AND ORGAN

Three private lessons per week.....$13 00
Two private lessons per week..... 9 00
One private lesson per week..... 5 00

Pianos and Organs may be had for practice at various rates. The charge is ordinarily three cents per hour.

LECTURES

Once or twice a week at the Chapel hour the students will have the opportunity of listening to well-known educators on subjects of interest to all teachers and friends of education. Here are some of the leading speakers:

Hon. Edmund A. Jones, State School Commissioner.

Prof. J. M. Richardson, Supt. of Schools, McConnelsville, O.

Prof. H. Z. Hobson, Supt. of Schools, Cambridge, O.

Prof. W. G. Wolfe, Supt. of Schools, Quaker City, O.

Prof. H. L. Cash, Supt. of Schools, Byesville, O.

Prof. G. E. Bell, Supt. of Schools, Cumberland, O.

W. H. Gregg, Editor Guernsey Times, Cambridge, O.

Pres. J. Knox Montgomery, New Concord, O.

Prof. L. J. Graham, New Concord, O.

Prof. C. T. Moore, Principal of South High School, Columbus, O.

Prof. D. J. Schaefer, Principal of Schools, Dresden, O.

DECREES CONFERRED IN JUNE, 1905

BACHELOR OF ARTS

Charles Irvine Gray

FORMS OF BEQUESTS

FOR PERSONAL PROPERTY.

I do give and bequeath to the Board of Trustees of Muskingum College the sum of .....dollars, (or.....shares of stock in the..... or bonds, as the case may be, setting forth particularly what it is that is bequeathed.)

FOR REAL ESTATE.

I do give, devise and bequeath to the Board of Trustees of Muskingum College and its successors, forever, all that lot or piece of land (describing the property with care.)

Special care should be taken that bequests be made according to the laws of the state governing them.

ANNUITIES.

Some are not in position to make donations outright to the College. For such the College makes provision whereby they may deed their property to the College and receive an annuity from the College during the remainder of their lives. In this way the donors are relieved of all care of the property and are assured an income as long as they live, and are further assured that their money will continue to bless succeeding generations after they are gone.
